AUGUST  
2014

The compact, contemporary style of the Villa Series complements smaller backyards and outdoor spaces. Combined with Aqua Technics' stunning range of modern colours, these pools allow you to create a gorgeous outdoor area for entertaining. Designed for narrow areas, these models offer resort style swimming along with the perfect spot to sit and relax.

The Villa Series have been designed with practical features in mind, including:

- Entry steps located at the shallow end for easy access
- Slim line 2.15m wide design - perfect for narrow blocks and compact spaces
- Wider second entry step creates the perfect spot to sit back and relax
- Available in two sizes - allowing you to create your own backyard Villa experience
- Available with revolutionary Pool ColourGuard® technology - pool colour that will not fade
- Lifetime Interior Surface Guarantee\* and Extended Lifetime Structural Warranty
- Microtech Anti-Microbial Pool Protection - protects the pool's surface against bacterial growth
- Built to Australian Standard 1838 under license number 1906
- Made using new generation, high performance, corrosion resistant, eco-friendly fibreglass
